

Clinical Trial Physicians

By SK&A: 66,787

DESCRIPTION OF DATABASE

This new file of nearly 57,000 medical professionals will help you target practicing physicians who have participated in FDA-approved clinical drug trials. The database includes physician name and specialty, complete contact information, date of last clinical trial, and number of clinical trial participations. Physician prescription decile data is also available through SK&A's PrescriberPlus.

Offers excellent results for: Recruiting experienced physicians for clinical trials, CME program attendance, or market research surveys; building early relationships with prescribers.
