

DESCRIPTION OF DATABASE

File description: This is the largest and most accurate database of Primary Care Physicians at their business address. These physicians are busy prescribers who have above average daily patient volumes. They are involved in general and family practice, internal medicine and pediatric medicine. You can target these physicians not only by geography and practice size, but also by prescribing volume. Additional unique selections include linking to hospital affiliation, group practice ownership and health system linking code. The Primary Care Physicians database is 100% phone-verified by SK&A and audited annually by BPA.

Best uses: pharmaceutical marketing, continuing education, practice software, medical equipment, office needs, publications.
