

Physicians by SK&A: 638,130

File overview: This comprehensive database identifies physicians in single practice, group medical practices, surgicenters, and hospitals by department. Keeping up with the ever-changing healthcare industry is the specialty of SK&A Information Services. Our research staff tracks and records all information every 60-days. Adding further credibility to the quality of our lists is the audit by a prestigious independent audit firm – BPA International – which verifies the accuracy of our databases. Every name is available by title, specialty and size of office/hospital. **Also, ask about our physician license data information.**
