

DESCRIPTION OF DATABASE

This database provides contacts for nurses in advanced-practice positions who perform physical exams and development assessment, treat common illnesses and coordinate patient healthcare needs. These nurse practitioners can also prescribe in most U.S. states. Reach highly educated, busy nurse practitioners involved in all the aspects of patient care in physician offices and hospitals by referring to this file. The list can be segmented by almost 100 practice specialties, job titles and more.

Offers excellent results for: marketing and advertising for pharmaceuticals, continuing education programs, recruitment services, patient compliance programs, medical equipment and supplies, office needs, or publication subscriptions; building early relationships with prescribers; and market planning and analysis.

****see also Physician Assistants card or combine with Physician Assistants to complete your market area and capture all names by specialty****
